

Energy and Infrastructure Investment

The Energy and Infrastructure Investment desk has been successfully supporting private equity and debt investors, across the UK, US and Europe with their hiring plans, since 2019.

Through a transparent and a relationship-driven approach, the team support large investors through to boutique PE firms, sourcing top-tier professionals from analyst-level through to C-Suite hires, as they look to expand their investment, asset management, and corporate development teams.

Whether you are looking to launch a new fund and require a partner with a specialist candidate network and insights to build out an entire team, or need to backfill a vacancy, Pangea have a wealth of industry knowledge across energy transition, transport, digital, renewables, and natural resources markets.

Whilst we work with our clients on retained and exclusive basis, we can also source new talent on a contingent basis.

Testimonials:

"Kiera was instrumental in helping us to define the scope of multiple positions in our new renewable energy team before we even started the search (market research, salary ranges, job descriptions etc), which was extremely helpful."

Stefano Fissolo, Senior Director Renewables at GLP

"It's been a treat to work with Kiera. She has been able to capture the nuance of the culture and diversity that we want to hire far better than any of the other recruiters we work with."

Manjari Govada, Managing Director at DigitalBridge

"We have been working with Pangea on a number of recruitment processes. Kiera stood out versus other recruiters on several fronts:

Relevance of the CV shared with us – Kiera really understood our needs and helped us save valuable time by targeting relevant profiles;

Rapidity of execution – Kiera was able to source CVs quickly;

Professionalism – Kiera is friendly yet very professional and it is a pleasure working with her.

I am confident we will reach again out for her services in the near future"

Julien Chetrit, Investment Director (Infrastructure) at Swiss Life Asset Managers

"We were very happy with the work Kiera completed for us recently. We chose to work with her exclusively on the search and were very impressed with the delivery of a shortlist of strong candidates within the first week. We managed to secure the candidate of our choice within four weeks and Kiera kept stakeholders informed at all stages. Pangea would be our first call for further hires in the energy space".

Partner, Cragside Energy

"Kiera has been instrumental in understanding the needs, culture, and capabilities we were looking for and was able to run the entire process on our behalf, taking the work off our hands. We are very pleased with Kiera and the candidates recently hired; they have proven to be the perfect fit. We will highly recommend using Kiera and Pangea to anyone."

👤 Remy Verot, COO of Nala Renewables

"I have worked with Andrew concerning executive positions within the energy and financial space and can highly recommend him to firms looking to bring in C-suite and executive talent. He was professional and efficient throughout the entire process and it was a real pleasure working with him."

👤 Group Vice President of Energy Storage & Optimisation at an Energy Storage Company

About Pangea

Pangea have supported our global clients for over 14 years. Our clients invest in energy. Their teams build plants and manufacture solutions to generate and store energy. And, our clients supply and trade energy and commodities. Together, we're building a brighter future, within battery and future mobility, energy finance, supply and commodity trading and innovative infrastructures.

Our network is your opportunity.

We find the very best talent in the market, whilst ensuring those looking find their next challenge. Pangea connect C-suite, commercial, front and middle office, technical, analytical and engineering teams and individuals with innovative organisations, who will shape the future of the energy market.

We can support you with finding permanent and contract specialists. Our solutions include:

- **Retained and exclusive searches**
